

## TAUPO BUNGY

Since commencing operations in 1991, over 350,000 visitors have “TAKEN THE PLUNGE” with Taupo Bungy.

Located in the Waikato River Valley upstream of the world renowned Huka Falls, Taupo Bungy is New Zealand’s most scenic bungy site. Our unique cantilever platform projects out from the clifftop, 47metres above the crystal clear waters of the Waikato River below. The colour of the water alone is enough to inspire you to jump!

Our highly trained crew pride themselves in providing you with an exhilarating bungy experience. We are the ***highest water touch bungy in New Zealand***, so for those seeking the ultimate ground rush, we specialise in getting you wet, from your fingertips right up to your ankles! Of course, if you prefer to stay dry, that is no problem either. We have an extensive jump menu, with options for both solo and tandem jumps.

A scenic walking track, from the bungy jetty back to the Taupo Bungy office, provides convenient return access for the jumper after completing their jump. The walk-track also provides a short walk for spectators, enabling spectacular views of the sheer cliffs and stunning river environment.
